Giclée Price List

Setup

Setup from original art or transparency, smaller than 17x22 inches**\$150**
We will scan your originals on a commercial scanner, and include two rounds of proofing.

Setup from original art or transparency, larger than 17x22 inches**\$225**
 We will have your artwork photographed by a top-quality commercial photographer and include two rounds of proofing.

Setup from digital file provided by one of our preferred photographers**\$75**
Have your work photographed by one of our recommended photographers and bring it to us. We'll provide two rounds of proofing.

Setup from digital file from other source**Please Call**
If you are providing us with a digital file, we will have no control over the most important step in the process. Accordingly, we cannot estimate what it will take to get the job done. If the source of your file was a reputable commercial photographer or a high-end scanner operated by a skilled operator, or if you are willing to accept a print "as-is" without proofing, this cost can be quite low or even free. If the image requires a lot of work, it can cost a considerable amount.
